#### BOARD MEMORANDUM

**DATE:** September 13, 2023 **September 19, 2023 TO:** FINANCE COMMITTEE **Committee Meeting** 

**FROM:** Dennis J. Hoffmeyer, Finance Manager/CFO **VIA:** Mr. Dennis LaMoreaux, General Manager

RE: AGENDA ITEM 4.3 - DISCUSSION AND OVERVIEW OF FINANCIAL

STATEMENTS, REVENUE, AND EXPENSE AND DEPARTMENTAL BUDGET

REPORTS FOR AUGUST 2023. (FINANCE MANAGER HOFFMEYER)

#### **Discussion:**

Presented here are the Balance Sheet and Profit/Loss Statement for the period ending August 31, 2023. Also included are individual departmental budget reports.

This is the 8th month of the District's Budget Year 2023. Historical trends for the District have our revenues at 65.8% and expenses are 66.0%. This would typically be 66.7% for traditional budgetary percentages. Both operating revenues and expenses are below for the actuals. Please refer to Diagram A for a graphical representation of this information.

#### **Balance Sheet:**

- Pages 1 and 2 are the balance sheet for the 8-month period and a graphic presentation of Assets, Liabilities, and Net Position on August 31, 2023.
- The net change for the month-to-month was a decrease of \$808,942.
- Most of this change was related to decreases in cash and investments of \$492,827 and Restricted cash and cash equivalents of \$824,217. (Highlighted in orange).
- The next portion to cover is the Capital assets not being depreciated decreased by \$235,650. This was due to recategorizing assets over to the Capital assets being depreciated, net which increased by \$512,662 (Both highlighted in yellow).
- The remainder of the change is tied to Accounts payable and accrued expenses which decreased \$525,605 for the month (Highlighted in green).

#### **Profit/Loss Statement:**

- Page 3 is our consolidated profit and loss statement trending for the seven months.
- Operating revenues are below the historical averages at 63.1%.
- The District's operating expenses are below historical averages at 64.1%.
- All departmental budgets except for the two (highlighted orange), are at or below the historical average.
- Source of Supply-Purchased Water (highlighted yellow) continues to have higher charges related to continued water purchases through the State Water Project.

VIA: Mr. Dennis D. LaMoreaux, General Manager -2- August 23, 2023

#### **Profit/Loss Statement (cont.):**

• Pages 4 and 5 show the P&L in various graphic forms using major report category totals.

#### Department indicators

- The Administration District-wide continues to have significant increases related to consultant charges (152.4%) and insurance (110.7%). As mentioned last month, the finance staff believes this will continue for the remainder of the year. This is partly due to pass-through increases in insurance costs from ACWA/JPIA on our general auto and liability policies. Along with additional consulting contracts that have been approved in the last seven months for various District initiatives being undertaken.
- The Operations Department continues with increased costs for chemicals due to treating more surface water. Chemicals account is currently 108.0% of the budget. Operations also have substantial increases in Permits (119.0%) Maintenance & Repair Operations Equipment (99.0%) and Maintenance & Repair Operations Facilities (95.9%) accounts compared to prior months.

#### **Departments:**

• Pages 6 through 16 are the detailed individual departmental budgets for your review.

#### **Non-Cash Definitions:**

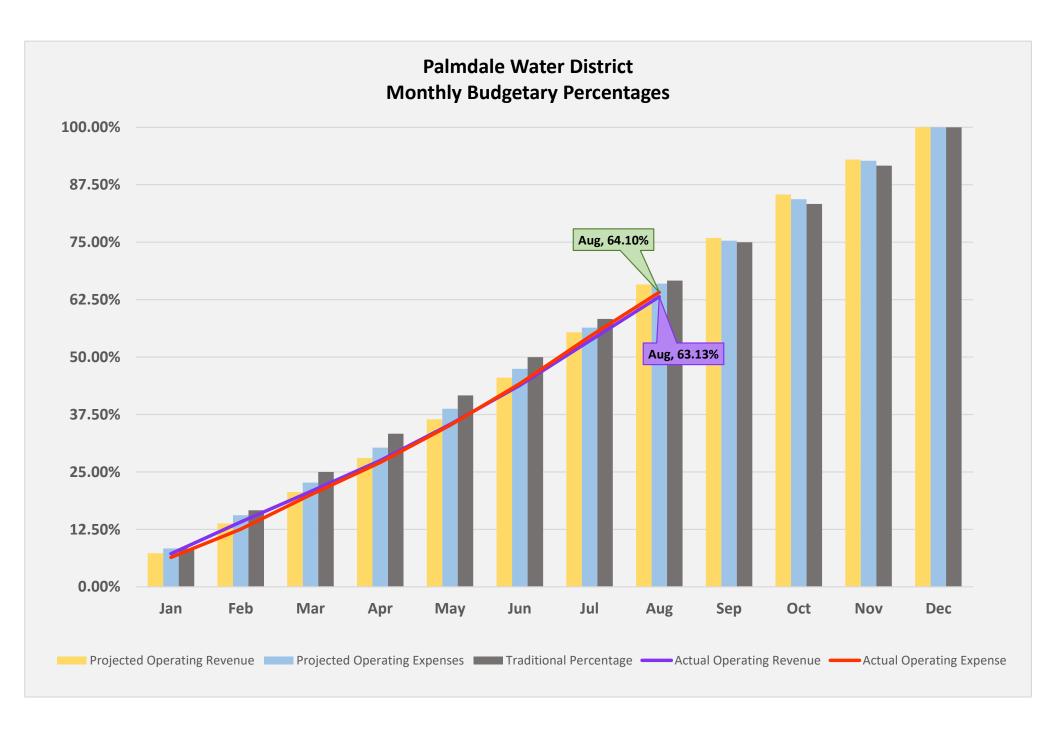

**Depreciation:** This is the spreading of the total expense of a capital asset over the expected life of that asset.

**OPEB Accrual Expense:** Other Post-Employment Benefits (OPEB) is the recognized annual required contribution to the benefit. The amount is actuarially determined in accordance with the parameters of GASB 45. The amount represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year.

**Bad Debt:** The uncollectible accounts receivable that has been written off.

**Service Cost Construction:** The value of material, parts & supplies from inventory used to construct, repair, and maintain our asset infrastructure.

Capitalized Construction: The value of our labor force used to construct our asset infrastructure.
